

## **RESERVATION**

A,X,Y and Z were fast friends. They were studying in a convent school in 12<sup>th</sup> class.X and Y belonged to unreserved category whereas A andZ belonged to reserved category.Y's father was a landlord and X belonged to a middle class family whereas A's

father had his own business and Z belonged to a poor family In spite of these diversities they were close friends. Their board examination just ended. Their results were announced and Y came out as the school topper, X got 2nd, Zsecured 4<sup>th</sup> position and A got 6<sup>th</sup> position. But they were all happy. All of them were anticipating for their future to make something good for themselves.

They participated in a competition for graduation. In which Y, X, Z and A secured goodmarks in decreasing order respectively.Y got the highest rankX got second rank, Zgot third and A was fourth among them. There was a large difference in the ranksof X and A but Y, Z and A got selected and X was unable to get selected due to uncertainty in reservation rules in spite of getting good marks than A.The Exploited non reserved category person who missed the opportunity because someone else has taken his place has become deprived and miserable in the poor economic conditions.

Whereas a poor person belongs to reserved category get advantage of reservation and selected for admission.
